Learners' bridge tops SAICE test

Two Grade 11 Mountview Secondary School learners, Simone Singh and Keval Ramdavi, participated in the SAICE Bridge Building Competition at the Grand Court Hotel, in Durban.

They performed exceptionally well and of 59 KZN teams. Simone and Keval were placed in the top ten. Their bridge held a force of 140 Newtons. They are pictured alongside with their educator.

Education" and received a standing ovation from all who attended.

Siyabonga Mtshali has been debating for a total of 4 years and in that time he has received many accolades.

These include being in the South African Junior Trial Team for two years in a row, ranking 2nd in KZN, and ranking in the Top 3 Academy in South Africa.

New laser dentistry introduced

CEREC software generates outstanding restoration proposals. CEREC milling and grinding units are extremely precise, giving the restorations smooth surfaces and edges and excellent anatomy on the ceramic crown, making the restoration more natural looking. Restorations are sintered and glazed chairside.

The restoration is then cooled and can be fitted into the patient's mouth. Dental visits have never been this effortless!

Imagine if you could have your ceramic restorations done in a single dental visit? Efficiency, greater value creation and safety.

Conventional impression, annoying provisional and with only one injection. A win-win situation: we can meet the highest demands and give our patients the best treatment. Spare yourself the discomfort of

a conventional impression tray.

We Use the CEREC Omnicam, our small powder-free, color camera, for precise 3D images in natural colour. After analyzing the complete scan, the
